*Addressing Challenging
Moments in Psychotherapy*
Jerome S. Gans 2021-09-30
"This practical and helpful
volume details how
clinicians can work through
various and common
challenges inherent to

psychotherapy, whether
within the context of
individual, marital, or group
settings. Chapters draw
upon wisdom gleaned from
the author's 48 years as a
practicing psychiatrist to
address topics such as using
countertransference for
therapeutic purposes;
resistance, especially when
it needs to be the focus of
the therapy; and a

prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, Challenging Moments in Psychotherapy is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--

Nations Under God Luke M Herrington 2015-08-16
'Nations under God: The Geopolitics of Faith in the Twenty-First Century' is a timely contribution to the on-going discussion on religion and politics. The volume brings together over thirty leading scholars from a variety of disciplines such as political science, international relations theory, sociology, theology, anthropology, and geography. Utilising case studies, empirical investigations, and theoretical examinations, this book focuses on the complex roles that religions play in world affairs. It seeks to move beyond the simplistic narratives and overly impassioned polemics which swamp the discourse on the subject in the media, on the internet, and in popular nonfiction, by acting as a vessel for scholarly research on religion. The book presents a balanced analysis of the multifaceted

roles taken on by religions, and religious actors, in global politics. Contributors: Stephen Dawson, Jodok Troy, Gertjan Dijkink, John A. Rees, Mark S. Cladis, Fabio Petito, Linda Woodhead, Jonathan Fox, Brendan Sweetman, Don Handelman, Scott W. Hibbard, Ruy Llera Blanes, Fang-long Shih, Kaarina Aitamurto, Mona Kanwal Sheikh, Lee Marsden, Shireen T. Route for the Overland Stage

Jesse G. Petersen
2008-04 The 1859
exploration of the Great
Basin by army topographical
engineer James Simpson
opened up one of the West's
most important
transportation and
communication corridors, a
vital link between the Pacific
Coast and the rest of the
nation. It became the route

of the Pony Express and the
Overland Mail and Stage,
the line of the Pacific
telegraph, a major wagon
road for freighters and
emigrants, and, later, the
first transcontinental auto
road, the Lincoln Highway,
now Highway 50. No one has
accurately tracked or
mapped Simpson's original
route, until now. Jesse
Petersen shows in words,
maps, and photos exactly
where the explorer went.
Sharing his detective-like
reasoning as he walked or
drove the entire trail west
and Simpson's variant route
returning east, Petersen
takes readers on a mountain
and desert trek through
some of America's most
remote and striking
landscapes.

Social Assistance in

Albania Harold Alderman
1998-01-01 Albania provides a small amount of social assistance to nearly 20% of

its population through a system which allows a degree of community discretion in determining distribution. This study investigates the poverty targeting of this program. It indicates that relative to other safety net programs in low income countries, social assistance in Albania is fairly well targeted to the poor.
