Eleven Years in Central South Africa Thomas Morgan Thomas 1872 An important surviving source for the study of the spectacular and short-lived kingdom of Ndebele. In the literature of pre-conquest Rhodesia, Thomas' book stands out by virtue of its ethnographical and political material about the Ndebele under Mzilikazi and Lebengula and its description of the momentous encounter between the Christian mission activities and African societies in the pre-colonial era.

Never Far Away Michelle Rodriguez 2013-11-01 Never Far Away is a short story and resource for the parent who has a child that doesn't like to separate from them when time for school or work. It has illustrative pictures and content for the parent and child to interact before they go about their day.

77 Tips for Absolutely Great Meetings Ida Shessel 2006 Turn dull meetings into dynamic group experiences! Chances are that you spend a lot of time at meetings - some are focused and productive, while others are not. This ebook, written by a professional facilitator, contains 77 tips for both meeting leaders and participants. Implementing one or more of these tips can produce dramatic results at your meetings. Learn how to strengthen your leadership abilities, plan effectively, use structure to get more from your meetings, manage group dynamics, empower yourself and others to become strong contributors to the meeting, and more. Inside this ebook there is even a helpful checklist that you can use to assess what you need to do to make your meetings more effective.

Jesus and the Samurai Michael Zomber 2009-11-05 By 250 AD, Christianity had spread throughout India and China. Known as the Shining Religion or the Luminous Teaching, it drew adherents from Buddhism and Hinduism who were seeking a faith that taught the possibility of achieving a society founded on love and compassion for their fellow man. The new doctrine reached the island nation of Japan where it was so well received that Christianity threatened to supplant Buddhism as the dominant religion. By the close of the 16th century Japanese Christians numbered in the millions. Fifty years later Christianity was officially proscribed and Christians faced execution for openly practicing their faith. Jesus and the Samurai tells their fascinating story with facts drawn from ancient and modern sources.

Teaching about American Federal Democracy Temple University. Center for the Study of Federalism 1986

Ten essays discuss federal democracy, the form of government of the United States. The first essay discusses the origins of American federalism. The second examines why we have a federal system, the functions federalism serves, and the consequences of federalism for the American political system. Federalism in the Constitution and constitutional law are treated in the third essay. The importance of cultural pluralism in American life and the role of American federalism in supporting pluralism are the foci of the fourth essay. The roles that the local community, the states, and political parties play in the federal system are examined in essays 5, 6, and 7, respectively. State, local, and professional roles in citizenship education are discussed in the eighth essay. The ninth essay explores how high school U.S. history and government textbooks approach federalism. The concluding essay describes resources on federalism that can be used in curriculum development at the secondary and college levels. Many of the essays are followed by topics for further study and suggested readings for teachers. (RM)

The Manx Norton Mick Walker 2006-11-01 The most famous of all British racing motorcycles, with an ancestry dating back to the very dawn of the internal combustion engine, the 'cammy' Norton is inseparable from the era of British domination in motorcycle racing. It is linked with the legendary heroes of the sport,

Jimmie Guthrie, Harold Daniell, Geoff Duke, John Surtees, Mike Hailwood and the age when Britain had the world's finest motorcycle industry. This revised edition of the definitive history contains additional material and traces the design, development, the leading riders and tuners. It presents a superb collection of photographs, many previously unpublished. The Manx Norton covers not only the Manx itself, but also features boardroom battles, Norton's early history, record breaking, sidecars, Formula 3 cars, scrambling (motocross); the Domiracer; racing at Daytona and today's classic scene.

Contents: Smolensk - My Native Region | Join the Ranks of the Work Class | Become a Pilot | The Oath of Allegiance | Under the Northern Lights | Training for the Great Day | Wednesday, April 12 | Living for the Country

On the Road David W. Hewitt 2021-06-15 This book tells the story of a life spent on the road recording the rich diversity of music in America when it was a major part of our lives, not just digital background noise. For music fans, there was a golden era of live music, stretching from the 1960s through the 1980s, and even evolving into the 1990s, if you want to be generous. In the pre-digital era, music fans spent a large part of their free time (and money) listening to their favorite artist's recordings. It was an analog world so if they wanted to hear the music, they actually had to listen to the radio, buy the records, and go to the concerts. Popular artists had long performed live concerts in the major markets, but it took rock 'n' roll to make national touring a viable business. Touring sound systems grew from scratch to keep up with larger and larger venues. Likewise, the ability to record those shows had to grow as well. The rudimentary collection of semi-professional gear grew into full-blown remote recording studios to keep up with the demand for live records, films, and broadcasts. The truly wonderful thing about the remote recording business was the author experienced so many different musical cultures. Where else could you go from recording a tour with the Rolling Stones to a TV special with Mohamed Ali at the Apollo Theater? How about the season opening of

Carnegie Hall on PBS TV (with a different major orchestra every year) to Frank Zappa's annual Halloween Show? Or maybe a Yoko Ono tour behind the 1980s Iron Curtain to the Eagles in modern Australia? Then there are worldwide live broadcasts like the Academy Awards and the Grammy Awards to intimate jazz settings with Miles Davis or Wynton Marsalis. Compare the grandeur of the Metropolitan Opera to the irreverent comedy of Saturday Night Live. On the Road contains the stories of recording all that music live in its natural habitat, the clubs, theaters, concert halls, and arenas. There were only a few companies that succeeded in the rough and tumble business of live recording. The author was one of the most successful live recording engineers and the constructor of remote recording studios during that era, with thousands of live shows to his credit.

Morocco Overland Chris Scott 2013 Covering over 10,000km from the Atlas to the Sahara, Morocco Overland features detailed GPS off-road routes for 4WDs, motorcycles and mountain bikes as well as scenic byways suitable for any vehicle.

PHP & MySQL: The Missing Manual Brett McLaughlin 2012-11-13 If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Ultimate Harley Davidson Hugo Wilson 2013-10-01 Updated for a new generation of bike lovers, Ultimate Harley Davidson is a visually stunning and comprehensive history of Harley-Davidson that charts the company and its bikes decade by decade. From the moment the first model rolled out of a backyard shed in Milwaukee, through Harley's postwar golden age, to the sought-after bikes that distinguish the company today, Ultimate Harley-Davidson presents seventy of the most beautiful and coveted Harleys of all time. Whether it's the 1911 V-Twin or the 1999 X1 Lightning, the seventy Harley-Davidson bikes examined are presented in minute detail, with close-ups of the engines and in-depth technical specifications.
