**Summary Of "The Knight In Rusty Armor – By Robert Fisher"** Sapiens Editorial 2018-05-30 ABOUT THE ORIGINAL BOOK The Knight in Rusty Armor has been a real success among its audience, selling more than one million copies worldwide. It is considered to be a motivational book that falls into the self-help category. It is an easy-to-follow narrative, made it accessible to everyone, built with some humor, and is enjoyed by adults, teenagers and children alike. The book tells a story of a somewhat egocentric man, who lives his life concerned with his appearance. Everything he does is without consideration for his wellbeing, rather with the aim of seeking approval of others... Little by little he is locked in his armor, which over time rusts and leaves him imprisoned by his appearance. Then comes a life of reflection and recovery for him. He embarks on a journey to free himself from his prison, during which he enlists the help of a magician. It is an excellent allegory that teaches the importance of being who you are on the inside, without the need to mask your appearance.

**A Few Good Eggs in One Basket** Richard L. Gunderson 2012-04-19 In a stock market environment dominated by professional investors, A Few Good Eggs in One Basket ofers a plain-talk approach to profitability by selecting and managing an investment portfolio of common stocks for an individual. Author Richard L. Gunderson, who has been an investor for more than forty years, outlines an enduring framework that improves the odds for the individual investor to exceed the performance of the market over the long term by buying good companies at bargain prices. He outlines what constitutes a good company and how to determine when a price meets the test of being a bargain. A Few Good Eggs in One Basket also helps individual investors by discussing what to look for; where to look; when to buy; when to sell; and how many stocks to own. A Few Good Eggs in One Basket presents a prescription designed to take advantage of opportunities created by market overreaction to bad news and disappointing results. Gunderson believes there are always bargains at any time and in any market. The challenge is to consistently apply a disciplined approach to identifying the unusual and favorable opportunities and concentrating a portfolio on those stocks representing the best combination of overall quality and intrinsic value.

**DNS FIT KID Exercise Journal** Eliška Urbářová 2020-03-25 DNS Exercise Journal – A brochure for kids This journal or DNS Fit Kid App is intended for coaches and therapists who use DNS FIT KID in their practice, particularly those working with young children and their parents. The application consists of twenty exercises based on five developmental positions and serves as a home exercise program for children aimed at both the treatment and prevention of musculoskeletal pain. More generally, these exercises can also be used as a fundamental, dynamic warm-up for not only common recreational play, but also youth athletic training. The DNS exercise app explains the developmental exercise positions to children in a fun, relatable manner, comparing them with the way animals characteristically move and pose. The concise text and colorful illustrations help to explain not only how the child ought to move, but also what they should feel during each movement or position. Of course, these also describe how to detect and correct errors and movement faults typically found with each exercise. Furthermore, in order to help train exercise transitions, movement memory, mimicry, and team exercise (while also incorporating speech development), the DNS app has included a variety of rhythmic songs that are meant to be sung along with every global movement routine. By incorporating both animal imagery and catchy songs into each routine, the DNS Fit Kid App motivates children to exercise regularly in a pleasurable, playful way, while also emphasizing DNS principles like optimal posture and ideal movement coordination.

**Kabbalah for Beginners: An Introduction to Jewish Mysticism** Theo Lalvani 2021-08-19 The Kabbalah has long languished in darkness, unknown outside the confines of Jewish Mysticism and the communities who practiced it. But today, the Kabbalah is well-known but often misunderstood. The story of Kabbalah is as old as Judaism itself, with many of the ideas present in the Hebrew Scriptures interpreted in the canon of Kabbalah. Applying Jewish theological premises and Neo-Platonist cosmology, the Kabbalists created a systematic interpretation of familiar Creation Narrative in the Book of Genesis, which today illuminates and serves Judaism. At the same time, Kabbalistic concepts have entered mainstream consciousness with great interest expressed in mainstream Christianity and even in modern science.
